

Hi!

There is a secret in this document.

Can you find the key used to encrypt the text?... It is as easy as 1, 2, 3...

Step #1 find the secret.

Step #2 remove complexity.

Step #3 provide the encryption key in ASCII format.

The first to find it wins a ca\$\$ price!!!... Well, maybe not a ca\$\$ price, but you get bragging rights and our utmost respect...
